CHOOSING A LONG-TERM CARE FACILITY

Choosing a long-term care facility for yourself or a family member can be difficult, so it is important to allow yourself plenty of time, as your circumstance permits, to find a facility that best suits your needs. Selecting the appropriate placement and making an informed decision are very important. It is recommended that visits be made to several facilities with questions in mind so that the best choices can be made.

Below are some suggestions you may want to consider when making this important decision:

- **Geography:**

Is the facility located conveniently for visitors and preferred hospitals?

- **Financial Status:**

Is the facility receptive to accepting the financial status of the prospective resident?

- **Level of Care:**

Is the facility able to provide the appropriate level of care for the prospective resident?

- **Quality of Care:**

Focus attention on the residents' appearance; are they clean, neat and free of odor?

- **Staff to Resident Ratio:**

How many direct care staff do they schedule per resident, for each shift? Do they enlist the assistance of outside agencies for staffing needs?

- **Resident Attitude:**

Do most of the residents appear comfortable, pleasant and trusting?

- **Activities:**

Are group programs provided and well attended, at least twice per day? Is a monthly calendar of activities posted and does it have variety to address individual interests and preferences? Are there special events each month to include family participation? Is there an extra charge for activities or for being transported to outside activities? Is the facility vehicle equipped for wheelchair access?

- **Therapy:**

Is therapy available to the residents (physical, occupational and/or recreational)?

- **Housekeeping:**

Are housekeepers present and continuously keeping the facility neat and clean?

- **Dietary:**

Does the monthly menu show adequate variety? Request to have a meal at the facility (usually there is a fee).

- **Appearance and General Atmosphere:**

Is the facility inviting and comfortably furnished with a home-like warmth?

- **Contact the Long-Term Care Ombudsman:**

To check whether a facility is operating in compliance with the state and federal guidelines.

VIRGINIA OMBUDSMAN PROGRAM

What is a Long-Term Care Ombudsman?

An **ombudsman** is an advocate for residents' rights and is responsible for investigating complaints made by or on behalf of residents in Nursing Homes and Adult Care Residences. **Ombudsmen** work with residents, family members, concerned citizens, and facilities, as well as public and private agencies, to enhance the quality of care and quality of life for residents in long-term care facilities.

The Virginia Long-Term Care **Ombudsman** Program, as established by the Older American's Act, consists of individuals at the state and local levels. The State Long-Term Care **Ombudsman** is located within the Virginia Association of Area Agencies on Aging in Richmond. Local Long-Term Care **Ombudsmen** are in each Area Agency on Aging, located in lead regional organizations.

Who may need an Ombudsman?

- Residents of Nursing Homes, Adult Care Residences, Assisted Livings, and those persons receiving in-home health care services.
- Family and friends of the above.
- Long-Term Care facility staff.
- Government agencies and community groups.
- Anyone seeking information and education regarding long-term care or placement issues.

What to do before contacting the Ombudsman regarding placement issues?

- **Know your preferences.** Narrow your selection to 3-5 facilities and visit each one prior to contacting the **Ombudsman**.
- **Be prepared.** Be organized and have your concerns written down to help you be more effective and ask the right questions.

ISSUES TO CONSIDER WHEN MOVING A LOVED ONE TO THE FREDERICKSBURG VIRGINIA AREA

There comes a time when the difficult conversation of moving our parents and loved ones to be closer to us must start. This decision may be due to a want to have our parents closer to our families, to have the ability to more closely monitor Mom and Dad's everyday living skills, or the need to provide adequate care for our elderly loved ones. One out of every four people is a caregiver for a family member or friend. In the absence of a spouse who is able to provide care, a daughter or daughter in law is most likely to assume the role of caregiver. Whatever the instance, there are numerous factors to be discussed in making this decision. Moves can be traumatic for anyone.

This list of issues is by no means all-inclusive. Every situation will be different and therefore; must be looked at on a personal level. Take into consideration all the current services a person is receiving or could be receiving if needed. Now compare them to what is available in the area you are interested in moving your loved one to. Comparing costs is an important thing to do, but should not be the only factor that effects the decision. Emotional well-being is an important aspect of keeping us healthy. Take into effect the toll a move will have on ALL parties affected. Please do not hesitate to contact your local Agency on Aging for information.

Information in ITALIC taken from the Administration on Aging website

Issue	Information Sources
Income: Will income remain the same when move is complete? Consider food stamps, SLMB and QMB (Partial Medicaid) benefits, fuel assistance, etc. that may or may not transfer.	Benefits Coordinator, Local Social Services, Social Security.
Housing Costs: Compare what type of housing the person considering a move is currently living in and what is available in this area. Are you going to buy or rent? Is it rent subsidized? Are utilities included? What about maintenance? Are pets allowed? Are you considering an Assisted Living Facility?	Individual Housing Complexes, Real Estate Agents, Local Area Agency on Aging (AAA)
Health Care/Health Insurance: Can you find doctors and/or specialists to treat you? Will your doctor accept Medicare/Medicaid? Will current insurance transfer to new area? Will you be qualified for Medicaid (the State Health Insurance Program for the Low-Income and Disabled)?	Benefits Coordinator, Local Social Services, Doctor's Offices, AAA.
Prescription Drug Coverage/Cost: Do you currently have prescription drug coverage? Will it transfer with you? Are there programs in the new area to cover your prescription drugs at an affordable level?	Local Social Services, Medicare, MAP, Private Prescription Discount Cards, AAA.
Transportation: Is transportation easily found in your area? How will you get to church, the beauty parlor or barbershop, grocery store and doctor's appointments?	Fred Transportation System, Taxi Services, AAA.
Activities: Do various activities exist that you will be able to participant in? Are there senior centers compatible with your activity level? Are you looking for an adult day care facility? Will the cost of such programs be within your budget?	AAA, Local Senior Centers, AARP, Adult Day Care Facilities.
Care Costs: Are you receiving personal care and/or help with housework and errands currently? Will this continue? Costs?	AAA, In-Home Non- Medical Companies, Home Health Agencies.
Caregiver Effect: <i>Prolonged caregiving can adversely affect one' s physical and psychological health, current and future employment status and earning capability, ability to balance the needs of older parents and younger family members, and the ability to meet personal needs.</i> How will the move effect the future caregiver? Will he/she have time and energy to meet the needs of the loved one? Does the caregiver have a support system in place, someone to assist in the daily needs or one who can be trusted when the caregiver goes away for job training or takes a vacation?	AAA, Local Newspapers for Support Groups, In-Home Non-Medical Companies, Home Health Agencies.
