# CHOOSING A LONG-TERM CARE FACILITY

Choosing a long-term care facility for yourself or a family member can be difficult, so it is important to allow yourself plenty of time, as your circumstance permits, to find a facility that best suits your needs. Selecting the appropriate placement and making an informed decision are very important. It is recommended that visits be made to several facilities with questions in mind so that the best choices can be made.

Below are some suggestions you may want to consider when making this important decision:

- **Staff to Resident Ratio:**

How many direct care staff do they schedule per resident, for each shift? Do they enlist the assistance of outside agencies for staffing needs?

- **Resident Attitude:**

Do most of the residents appear comfortable, pleasant and trusting?

- **Activities:**

Are group programs provided and well attended, at least twice per day? Is a monthly calendar of activities posted and does it have variety to address individual interests and preferences? Are there special events each month to include family participation? Is there an extra charge for activities or for being transported to outside activities? Is the facility vehicle equipped for wheelchair access?

- **Therapy:**

Is therapy available to the residents (physical, occupational and/or recreational)?

- **Housekeeping:**

Are housekeepers present and continuously keeping the facility neat and clean?

## ISSUES TO CONSIDER WHEN MOVING A LOVED ONE TO THE FREDERICKSBURG VIRGINIA AREA

There comes a time when the difficult conversation of moving our parents and loved ones to be closer to us must start. This decision may be due to a want to have our parents closer to our families, to have the ability to more closely monitor Mom and Dad's everyday living skills, or the need to provide adequate care for our elderly loved ones. One out of every four people is a caregiver for a family member or friend. In the absence of a spouse who is able to provide care, a daughter or daughter in law is most likely to assume the role of caregiver. Whatever the instance, there are numerous factors to be discussed in making this decision. Moves can be traumatic for anyone.

This list of issues is by no means all-inclusive. Every situation will be different and therefore; must be looked at on a personal level. Take into consideration all the current services a person is receiving or could be receiving if needed. Now compare them to what is available in the area you are interested in moving your loved one to. Comparing costs is an important thing to do, but should not be the only factor that effects the decision. Emotional well-being is an important aspect of keeping us healthy. Take into effect the toll a move will have on ALL parties affected. Please do not hesitate to contact your local Agency on Aging for information.

Information in ITALIC taken from the Administration on Aging website

<b>Income:</b> Will income remain the same when move is complete? Consider food stamps, SLMB and QMB (Partial Medicaid) benefits, fuel assistance, etc. that may or may not transfer.	Benefits Coordinator, Local Social Services, Social Security.

<b>Health Care/Health Insurance:</b> Can you find doctors and/or specialists to treat you? Will your doctor accept Medicare/Medicaid? Will current insurance transfer to new area? Will you be qualified for Medicaid (the State Health Insurance Program for the Low-Income and Disabled)?	Benefits Coordinator, Local Social Services, Doctor's Offices, AAA.
